The screenshot shows the 'Links' interface. The sidebar on the left has 'Links' selected. The main content area is divided into 'Pre-defined Links' and 'Custom Links' sections. In the 'Pre-defined Links' section, a dropdown menu is set to 'supplyia', and a 'Campaign Name' input field is present. A red arrow points to the 'supplyia' dropdown, and another red arrow points to the 'Campaign Name' input field with the text 'input custom name'. A 'Generate Link' button is visible. Below this, the 'Generated Links' table shows a table with columns: Generated Links, Campaign Name, Visits, Signups, and Purchases. The first row of the table is highlighted with a red box and has a red arrow pointing to it with the text 'copy to use this link'. The second row is not highlighted. The 'Generated Links' section also includes a 'Generate Link' button.
